### Quality Construction with Affordable Prices

We are thrilled to introduce our own line of playsets here at Affordable Buildings. We strive to bring you the best quality in the industry on play sets. Affordable playsets are built using only the best quality treated lumber on the market today. Surpasses the competition because of the quality of the material put on each set and the craftsmanship, the rigorous quality control in the manufacturing plant, premium customer service and expedited delivery time frame. We only want the best and we know you do too! A safe playset is a fun and exciting adventure. That is why our ultimate goal is to ensure the safety and happiness of your child while enjoying their playset. All of our lumber used is the best we can buy, treated yellow pine (YellaWood®) that's a renewable resource, sturdy and long lasting. We all work hard for every dollar earned and when you invest in our playsets, we want you to receive 100% of your money's worth; along with the satisfaction and peace of mind that your child will be safe while having fun on our playsets. All of our lumber has all edges rounded for a smooth surface for tiny little hands. We are confident that our playsets are sturdy, safe, fun and beautiful. Our staff will make sure everything is in place before leaving the area you have chosen for your playset. All playset products are guaranteed for one (1) year against defect in manufacturing and workmanship. This Warranty does not include normal wear and tear, failure to maintain the product, damage or misuse.

***We sell the best and let others sell the rest!! Our Guarantee!***
